

**CUBA ~ maximalist print and embroidery geometrics**

Maximalist design takes a new direction in Cuba, an inspired portfolio of geometrics showcased through a combination of prints and embroideries. All suitable for upholstery, the collection's conversational prints are complemented by a subtly textured base cloth for an understated finish. A trio of impactful embroideries create depth and intrigue, heightened in impact by prints channelling characterful Cuban architecture. The revival of 70s interiors has been at the forefront of the inspiration for Cuba's palette, with fresh pastel tones adding a contemporary twist on the timeless theme.
