

The Gatsby Collection
Art Deco & Opulent Jacquards

As the title suggests, Gatsby has a strong Art Deco influence, sweeping boutique hotel chic into the heart of the home. A quartet of opulent jacquards - two metallic threads running throughout - epitomize a glamour which is emphasized through a suite of shimmering colourways.

Designer's Notes

The Gatsby collection has a strong art deco theme and is designed to bring the boutique hotel free to your own home. The hints of metallic in the jacquards bring a sparkle of luxury to the collection. The fan design emulates the architecture of the 1920s. We looked at the colours from the era yet slightly softened these for a modern take on this look. The classic simple shapes give the collection an opulent and elegant feel. We see this collection working perfectly in a glamorous space complemented by the hottest interior trend - the cocktail trolley.
