

SANTORINI ~ quintessentially Mediterranean range of prints, damasks and tactile jacquards

Inspired by the natural beauty of Grecian islands, the Santorini Collection presents a quintessentially Mediterranean range of prints, damasks, and tactile jacquards. The collection's painterly watercolour designs are presented on a linen-look fabric for a laid-back, rustic finish, with complementary weaves working alongside tile designs for a cohesively Grecian look. A palette of washed cobalts, muted corals and soft teals capture white-washed Aegean shores, presented with sandy tones and shale grey hues for a contemporary take on the Mediterranean theme.
