Railroaded prints:

All designs are 280cm railroaded.

The design direction runs from top of selvedge to bottom of selvedge.

The vertical repeat supplied is for understanding how large/small the design repeat is and not required to calculate curtain drops.

Customer simply buys the width they need.

The maximum drop of the curtain is 280cm less hem and heading requirements.

The sample book shows the pattern repeat as it is intended to be used.

Certain designs are multi-direction and can be used as up the roll should the customer require.

Wash care instructions:

Wash 30 degrees or Dry Clean with Perchlorethylene

Do not bleach

Do not tumble dry

Warm iron
