

THE GREAT OUTDOORS ~ indoor look in an amazing outdoor quality

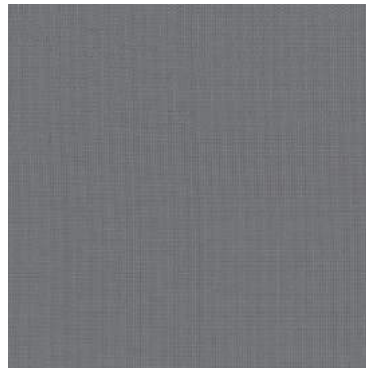

Inspired by our unique South African lifestyle where we are privileged to be able to spend most of the year outdoors, whether by the sea, in the bush or just out in the back garden. The Great Outdoors collection is an intriguing mix of eclectic style that just works so well together, comprising stripes, plains, geometrics and woven textures. This treasure trove of colour and design has been crafted to create that indoor look in an amazing outdoor quality.
